This building is very close on the corner of 24th and W. Jameson St. It's empty at the moment and people have parked with no problem in the yellow striped parking spots. About 12 spots.

5 spots next to our building at Philips Pub. group. No problem to uses these spots.

7 spots in front of PSQS. We will park in the alley tomorrow. There's only enough space in the alley for PSQS employees.

This building on the next block is also empty and additional parking at an angle in front on 24th Ave W. Same street as PSQS.
